

SUMMER READING

Here is a small sampling of the exciting reading opportunities for you and your daughter to share this summer. Some girls may want to read these books to themselves, but most are perfect for reading aloud together.

All of the authors on this list have written other books that you and your daughter may enjoy. There are many other appropriate authors and illustrators we have not included. Ask your daughter, friends, and local librarian for more selections.

Happy Reading!

--Mrs. Afir, Librarian
